

HOSPITAL IN THE HOME (HITH)

Enabling the **TRANSFER OF CARE** for medical and surgical patients (>14 years) from Ipswich Hospital to the community (home/nursing home).

Suitable for patients who are **MEDICALLY STABLE** ready for discharge but require daily (to maximum of twice daily) intravenous therapy, monitoring of blood results, condition monitoring and titration of medications.

The HITH Service has the capability of virtual care (remote monitoring).

For all referrals:

Please call the HITH Co-ordinator

0407 386 692

Caring Better
Together

Home Visiting Catchment Suburbs

If your patient is not within the home visit catchment, they may be suitable for clinic based appointments
