

West Moreton Health Strategic Plan 2021-25

West Moreton Health is committed to delivering health and wellbeing services to the people of West Moreton throughout their lives.

We deliver our services from a wide range of settings including hospitals, community, correctional and mental health facilities and in people's homes. We also provide our services by virtual care throughout the Somerset, Scenic Rim, Lockyer Valley and Ipswich communities.

We hold patient and staff safety as our highest priority, and we strive every day to deliver safe, person-centred care to everyone who comes to us for their healthcare.

We are committed to working in partnership with the community and our staff. We have strong networks and relationships with many partners, made up of government, business and the not-for-profit sector, including Primary Health Networks, the Ipswich Hospital Foundation and education providers.

We are strengthened by our shared values of connect, respect and excel and we are committed to *Caring Better Together*.

We are responding to the challenges of caring for a fast-growing population. Our Master Plan and commitment to innovation and research underpin our goal of providing increased tertiary-level services.

West Moreton Health acknowledges the Jagera, Yuggera and Ugarapul peoples, Traditional Custodians of the land, and we pay our respect to Elders past, present and emerging. We will respect, protect and promote human rights in our decision making and actions.

OUR VISION

A thriving West Moreton community in which people achieve their best possible health and wellbeing

OUR PURPOSE

To provide safe, quality care for the West Moreton community

OUR VALUES

connect . respect . excel

What are our challenges?

- Meeting the needs of the rapidly growing West Moreton population which is the fastest growing (in relative terms) in Queensland
- The ability to meet increasing service demand considering past and future funding constraints
- The substantial gap in life expectancy for West Moreton's Aboriginal and Torres Strait Islander people
- The ongoing impact of COVID-19 on the community and on our services
- One third of West Moreton residents must travel outside of West Moreton to receive public healthcare
- Higher than average rates of chronic disease and lower than average socio-economic status of the West Moreton community

What are our opportunities?

- Work with consumers, partners and staff on preventing ill health
- Transform care through service redesign, research and innovation
- Provide as much care closer to home as possible
- Improve the health and wellbeing of the prison population
- Continue to attract, retain and support an engaged workforce

Unite & Recover

West Moreton Health's Strategic Priorities have been developed to support the Queensland Government's objectives for the community - Unite and Recover.

West Moreton Health Strategic Plan 2021-25

Caring for people

We care for the community and each other.

STRATEGIC ACTION

Virtual Health Care Plan
22. Transform services to prisons through virtual care
Prison Telehealth Plan

Measures

10. Delivery of Infrastructure and clinical redesign in preparation for tertiary level services by 2027
11. Annual achievement of balanced operating position
12. Sustained increase in patients and services supported on the virtual care program
13. Sustained annual self-sufficiency increases (subject to funding)

The objectives of our strategic plan contribute to the Queensland Government's objectives for the community - Unite and Recover, specifically:

- Safeguarding our health;
- Backing our frontline services*; (directly links to Safe, Sustainable Care); and
- Growing our regions.

Our strategic plan also aligns with My Health, Queensland's future: Advancing health 2026.
