

## West Moreton Health

### What are Grand Rounds?

Grand Rounds are an established and important patient-centred, clinical-led platform for sharing medical knowledge and best practice. Each Grand Round includes a patient, GP and hospital specialist team perspective.

All GPs, practice nurses, practice managers and West Moreton Health staff are encouraged to attend. Grand Round discussions are conducted online via Microsoft Teams meetings. Please check your Queensland Health or GP practice email inbox for calendar invites to the Teams meetings. If you have not received an invitation, please contact Wendy Utz via email: [WM\\_CMO@health.qld.gov.au](mailto:WM_CMO@health.qld.gov.au) or phone (07) 3447 2960.
